

CHRIS BLACKETT

chrisblackett.com

I'm a digital product designer currently based in Sweden, working for Volvo Cars. I believe problems can be solved beautifully with a focus on emotions and experiences. I'm always looking for exciting experiences — both freelance and employed — within the world of digital design. Reach out so we can have a chat.

Work Experience

UX Design Intern

Ticketmaster UK

London, UK

12-month internship working on the Enterprise design team. Working with the design team in London and product team in Quebec to create new features on a client-facing point of sale tool used across Europe, including leading a 6-month project that facilitated the moving of clients to the new point-of-sale tool.

(2018-2019)

Junior Web & App Design Assistant

The OR Society

Birmingham, UK

Temporary position working with CMS to design and implement an app to allow the Society to create events and update and notify attendees live, replacing their 120-page handbook for the Society's annual conference.

(Summer 2017)

Education

Loughborough University, UK
UX Design MA
(2020-2021)

Loughborough University, UK
Industrial Design & Technology
BA
(2016-2020)

UX Design Global Graduate

Volvo Cars

Gothenburg, Sweden

Two-year programme developing the future leaders of Volvo through rotations, cross-functional projects, and mentoring programmes.

Future Retail Systems UX Designer

4-month rotation investigating the future of lead capture.

In-car UX Designer (Polestar)

6-month rotation at Polestar, primarily focusing on the wireless Apple CarPlay experience for Polestar & Volvo.

Project 1: Interaction Models with Steer-by-Wire

Group project investigating interaction models when removing indicator and light stalks for steer-by-wire.

Mobile UX Designer

5-month rotation exploring what 'community' means for Volvo Cars and developing the onboarding experience for Volvo Cars app.

Web UX Designer

5-month rotation focusing on building out a digital presence for Volvo's Special Vehicles.
